#OCCUPYDAMESTREET
WELCOME TO THE OCCUPATION / THERE IS NO EXIT STRATEGY

'ALL THE POLITICIANS ARE SAYING THE INVISIBLE HAND OF THE MARKETS IS CLOSING IN, AND THERE'S NOTHING WE CAN DO ABOUT IT - BUT I RECKON, WITH A BIT OF LUCK, IF WE ALL STRETCHED OUT OUR HANDS TOGETHER WE MIGHT JUST BE ABLE TO GRAB IT'.

#occupydamestreet is a people's movement which stands in solidarity with and is inspired by the worldwide global movement of occupations. It is a diverse people's initiative which is not affiliated with any political party or group. We stand for equality and social justice and against political and economic corruption.

Our demands are:

1. That the IMF and ECB cease to dictate the economic policy of the state.
2. That the immoral socialisation of private bank debts be reversed. We see these as odious debts that are not the responsibility of ordinary working people.
3. That the natural gas resources off the west coast be brought under state control and that the state use the revenues from these resources for the benefit of our society as a whole. The rights to these resources were handed away to corporations by a politician who was proven in a court of law to be corrupt.
4. That a form of real participatory democracy replace the current 'sham' democracy that exists in this state.

All decisions made by **#occupydamestreet** are made by consensus at open general assemblies. These assemblies take place at 6.30pm each Monday, Wednesday and Friday at the Central Bank plaza.

The website www.occupydamestreet.org includes a constantly updated calendar of events related to the occupation - including listings for arts events, music events and lectures and workshops being organised by **#occupyuniversity**.
