

CUT THE PRICES STOP PROFITEERING!

PEOPLE BEFORE PROFIT
FIGHTING FOR WORKERS & ECO-SOCIALISM

Get **Fianna Fáil**
and **Fine Gael**
OUT

Fianna Fáil and Fine Gael have been running this country for nearly a hundred years. The cost of living and housing crisis shows why we must get rid of them.

These two main right-wing parties put landlord, banker and corporate interests ahead of the needs of people. This is why they will not control rents or stop profiteering.

We need a left-wing government that is willing to take measures to protect people from suffering. People Before Profit advances clear policies to do just that. We want:

- Rent controls that allow tenants apply for reductions.
- Use public land to build cheap social and affordable homes. Stop the banks gouging people with high mortgage interest rates.
- Bring in free and frequent public transport.

- Establish a state owned company to retrofit houses.
- Price controls and public ownership of the energy sector with a not for profit mandate.
- A living wage of €15 an hour for all.
- Cut the creche fees and make education free.

We have no doubt that a privileged elite will do everything to stop us implementing these policies. That is why we will need 'people power' to win – just as we did with the water charges. And we need to start fighting now rather than just waiting for the next election.

We need a party that will not bow down to the rich – or start 'moving to the centre' to win a few extra votes.

People Before Profit is the strongest left-wing party, with branches all over the country, North and South.
